Master of Advanced Studies in Curriculum Development – Higher Education (MASCDHE)

THE BENEFITS OF THIS GRADUATE DEGREE

Work at the graduate level draws upon other divisions of the University, thus enabling the university, school and college to develop strong programs of professional education, which include academic offerings in the various teaching fields in higher education.

The MASCDHE program also provides individuals currently in or seeking leadership positions with the conceptual and analytical skills necessary for successful curriculum development in higher education. This program reflects our commitment to promoting community service, and personal growth.

Graduates of this program are prepared to become outstanding leaders and to lead their organization to greater effectiveness and success.

Impossible is nothing, Leadership is learnable

You can become an outstanding Leader
